Dear Sir:

This paper is in support of the Petition for Revival of an Application for Patent Abandoned Unintentionally under 37 CFR 1.137(b).

The delay was unintentional due to misfiling of the response.

The Final Office Action mailed 05/05/2005 was received by TI's Patent Department on 05/09/2005.

A response was submitted by Abdul Zindani Reg. No.: 46,091 on 7/12/05—attached is the response certified fax transmittal signed by Robin E. Barnum. However, the response had the wrong header information. The response was accompanied by an Amendment Transmittal form and fax cover sheet—both with correct headers. These are attached as are the "Auto-Reply Facsimile Transmission from the USPTO.

The Notice of Abandonment was mailed on July 27, 2006 and received by TI Patent Department on August 1, 2006. The date of the Office letter was listed as 05 May 2006 instead of 05 May 2005.

Applicant hereby replies within one month from receipt of the Notice of Abandonment with a Petition to Revive. The entire delay was unintentional as Applicant replied but the reply was misdirected due to wrong header information.

Respectfully submitted:  
/Steven A. Shaw/
